

2nd Winter Microsimulation Workshop: Modelling behaviour in dynamic microsimulation models

Date: 27 February 2026

Venue: Campus Luigi Einaudi, Lungo Dora Siena, 100, 10153 Torino

Room: Sala lauree blu (see attached map)

Web link: <https://unito.webex.com/meet/roberto.leombruni>

Program

10.30	Matteo Richiardi (CeMPA), Welcome and introduction
10.40	Nicolo' Gozzi (ISI Foundation) "Comparative evaluation of behavioral epidemic models using COVID-19 data"
11.20	David Sonnewald (CeMPA), "Demand and supply of care over the life course"
12.00	Marco Pangallo (University of Torino), "Can we use LLMs to model behavior in simulation models?"
12.40	<i>Lunch</i>
13.20	Daniele Ravasi (University of Genova), "Beyond Financial Resources: How Social Networks Shape Education, Inequality and Growth"
14.00	Roberto Leombruni (University of Torino), "An Agent Based Model for the evaluation of Universal Basic Income societal spillovers in Northern Ireland"
14.40	<i>Coffee break</i>
15.10	Alessandro Taberna (European Institute on Economics and the Environment), "Policy laboratory for climate-resilient economy: an agent-based model of multi-market dynamics and compound climate stress"
15.50	Ashley Burdett (CeMPA), "Digital Skills in An Ageing Europe. The Role of AI in Four Countries"
16.30	Roberto Leombruni (University of Torino), Conclusions
